Summer Complaint

The absolute safety of Listerine, its well defined antiseptic power, and the readiness with which it lends itself to combination with other indicated remedies, are properties which have led many physicians to adopt Listerine as the antiseptic foundation of their prescriptions for Summer Complaint.

A 32-page pamphlet on this subject, containing many valuable suggestions for treatment, may be had upon application.

ANGIER'S PETROLEUM EMULSION

Because:

- (1) It removes the principal contributing cause (bacterial growth). Petroleum is always sterile—no germs can grow in it.
- (2) It covers the inflamed and ulcerated areas in the intestines with a sedative, demulcent and healing agent.
- (3) It retains its chemical identity throughout the intestinal canal, hence it is equally efficacious in affections of both upper and lower bowels.
- (4) It is the ideal vehicle for the administration of bismuth, copper, lead and other intestinal astringents and antiseptics.

ANTIKAMNIA & SALOL TABLETS

Hare says "Salol renders the intestinal canal antiseptic and is the most valued drug in intestinal affections." The anodyne properties of Antikamnia in connection with Salol render this tablet very useful in Dysentery, Indigestion, Cholera Morbus, Diarrhoea, Colic, and all conditions due to intestinal fermentation.

LAXATIVE ANTIKAMNIA & QUININE TABLETS

To reduce fever, quiet pain, and at the same time administer a gentle tonic-laxative is to accomplish a great deal with a single tablet. Among the many diseases and affections which call for such a combination, we might mention La Grippe, Influenza, Coryza, Coughs and Colds, Chills and Fever, Biliousness, Dengue and Malaria with its general discomfort and great debility.

ANTIKAMNIA & CODEINE TABLETS

Especially useful in Dysmenorrhoea, Utero-Ovarian Pain, and pain in general caused by suppressed or irregular menses. This tablet controls the pains of these disorders in the shortest time and by the most natural and economic method. The synergistic action of these drugs is *ideal*, for not only are their sedative and analgesic properties unsurpassed, but they are followed by no unpleasant effects. The efficacy of this tablet in neuroses of the larynx is well known.

DR. LEAKE'S PRIVATE HOSPITAL

FOR THE

Diseases of Women and for Abdominal Surgery

Dallas, Texas.

This hospital, established in 1891, has been enlarged recently, and supplied with every necessary modern facility for the treatment of the class of patients for which it was designed. The nursing department is in charge of persons of experience, that have been connected with the institution for the past eight years, and the surgeon in charge is assisted by a staff of physicians and surgeons that, for years, has been interested in the success of this hospital, thus securing the greatest efficiency in its results.
