PREFACE.

IN offering this little Manual to the notice of the public, I venture to hope on its behalf for a continuance of the favour which *In-door Plants* has met with.

The object of that little work was to teach the most inexperienced how to grow plants; the object of this is to show how to preserve them long, and to arrange them, when they are in beauty.

*Whitehead's Grove, Chelsea,
October, 1861.*
