## P R E F A C E.

---

PART of the following "Notes" has already appeared in the pages of the *Lancet*, but it is now re-written and enlarged.

There is probably little that is new or original in my remarks, and only the great interest that has lately been taken in the treatment of articular rheumatism with the salicylate of soda and its congeners justifies their publication.

I have studied to be brief, and perhaps in that, if in nothing else, I may have been successful.

J. P.

85, HARLEY STREET, W.

May, 1878.

## CONTENTS.

### CHAPTER I.

	PAGE
INTRODUCTION — RHEUMATISM — TWO ACKNOWLEDGED FORMS, THE ARTICULAR AND MUSCULAR—PROBABLY THEY ARE DIFFERENT DISEASES—THEIR CAUSES, SYMPTOMS, ETC., CONTRASTED . . . . .	9
